GMH95 95% AFUE Two-Stage (Convertible) Gas Furnace

Heating Performance You Can Count On!

We build quality into every component of our Amana® brand products. And our **Amana® Distinctions™ brand GMH95 95% AFUE Two-Stage (Convertible) Gas Furnace** is no exception. The GMH95 furnace can save you up to 37% on your heating bills versus many older units, and will provide you with dependable heating performance for years to come. Plus, at 95% AFUE, this Amana® Distinctions™ brand unit meets the higher standard of the Environmental Protection Agency's Energy Star Program!

Two Stages of Comfort

This unit features our unique TwinComfort™ two-stage convertible technology, which delivers just the right amount of heat to provide steady, even warmth. This technology virtually eliminates the temperature swings resulting from abrupt, high-stage stops and starts of the furnace. Plus it helps ensure quiet operation and increased air filtration for better indoor air quality.

Quality that is Built to Last

The **Amana® Distinctions™ brand 95% AFUE Two-Stage (Convertible) Gas Furnace** is built with a long-lasting, heavy-duty aluminized-steel tubular primary heat exchanger and a stainless-steel recuperative coil. The unit features a durable Silicon Nitride Igniter with a patented adaptive learning algorithm that helps maximize igniter life.

Quality You've Come to Expect

Your **Amana® Distinctions™ brand GMH95 Gas Furnace** provides you with the following features:

- Quiet, energy-saving PSC multi-speed, direct-drive blower motor
- Quiet, corrosion-resistant, induced-draft blower assembly
- Heavy-gauge, reinforced, fully insulated steel cabinet with durable, baked-enamel, Architectural Gray paint finish

Additionally, this furnace is designed to minimize NOx emissions, contributing to better air quality inside and outside your home.

Guaranteed Comfort

Your **Amana® Distinctions™ brand GMH95 95% AFUE Two-Stage (Convertible) Gas Furnace** is protected by one of the best warranties in the industry:

- A Lifetime Limited Warranty on the heat exchanger for the original, registered homeowner*
- A 10-Year Unit Replacement Limited Warranty on the heat exchanger for the original, registered homeowner*
- A 10-Year Limited Warranty on parts

For added security, consider Amana AsureSM Extended Service Protection.

*These warranties revert to a 20-Year Limited Warranty on the heat exchanger when the original, registered owner sells the home to another person.

Did You Say "Tax Credit?"

Purchase this **Amana® Distinctions™ brand 95% AFUE Two-Stage (Convertible) Gas Furnace** and you may be eligible for a TAX CREDIT of \$150! Consult your tax professional and visit www.amana-hac.com for more details.

Average Yearly Heating Costs**

95% AFUE: \$2,693

60% AFUE: \$4,264

A new **Amana® Distinctions™ brand GMH95 95% AFUE Gas Furnace** could save you up to 37% on your heating bills when compared to older units, assuming new and previous units are sized to provide the same output capacity.

** These figures represent estimated annual operating costs of a 90,000 BTUH system at \$0.0981/KVHR and \$1.415/Therm in St. Louis, MO, and were generated using the Energy Star® savings calculator provided by the DOE and EPA. These figures are for comparison purposes only; actual costs will vary according to personal use habits, square footage, location, how the unit is installed and the construction of your home.
